## Angle Clamp Assembly

In this project, you will create components for a Angle Clamp assembly and then assemble them. You need to create all the components as separate part files. The views and dimensions of the components are shown in Figures P3-3 through P3-13.

You can also download the model files for your reference from [www.cadcim.com](http://www.cadcim.com). To download the files, use the following path: *Textbooks > CAD/CAM > Solid Edge > Solid Edge 2024 for Designers > Projects for Free Download > Project 3*
